Response to Amendment

1. Amendments and RCE received on, September 30, 2004 are entered as requested.

Drawings

New corrected drawings (figures 1 and 4) in compliance with 37 CFR 1.121(d) are required in this application because figures 1 and 4 are informal. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

2. Claims 21-24 are allowed over prior art of record.

The following is an examiner's statement of reasons for allowance:

The closest prior art of record, Nakabayashi (US 5,550,593) fails to disclose the unique method step of receiving first data stream and failing to receiving second data stream, multiplexing the first data packet in a combined data packet wherein "combined data packet includes first header field, indicative of presence of the first data packet and absence of the second data packet", as in claims 21, 31 and 40 herein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
